Directive

April 22, 2020

To: The Worshipful Master, Officers and Brethren of all Chartered Lodges in West Virginia,

RE: Response to the Coronavirus (COVID-19) Outbreak

Brethren:

This Directive is to inform the Brethren that this coronavirus pandemic is not over, so therefore for the safety of our Brethren I am extending this Directive that all lodge activities stay closed until June 1, 2020.

This situation is looking better and if the Governor releases a statement saying it is safe for social activities to begin before June 1, 2020 I will issue another Directive stating it is safe to open the lodges back up.

Brethren keep practicing social distancing and stay safe.

Fraternally,

David R. Holt

Grand Master of Mason's in West Virginia
