
Dear Sisters and Brothers,

A new year is beginning and our Worthy Grand Matron has been chosen. The Eastern Star Service Dog is her special project. I'm very honored to serve as Chairman of the Project. I know the value of a service dog. I have seen them in action and am amazed by what they can do! The difference they can make in one's life is astounding!

This will be a big project and will require all of us working together to fund one. It costs \$25,000 per dog to train. We can do it and hopefully we can fund more than one dog! Some ideas for fundraisers are Bake sales, Non-bake sales, Hotdog Sales, theme baskets, and silent auctions just to name a few! I'm sure each chapter can think of many others as well!

We will have a quilt and rack. The quilt is being designed to fit this project. It will be outstanding when its finished! Tickets will be drawn at next year's grand chapter! I hope this bit of information will help your chapter prepare their project. I am including a paper with information about the program.

I wish each of you the very best. This will be a great year! Any questions or suggestions, Call me at 304-643-2755

Thank you

Toni Kay Meador

Chairman of Service Dog Project
